2. Scroll down on the first page until you find the box for accessing student spaces.

Access the Learning Place Spaces

- Staff space
- Student space
- Manage course (CAMS)
- eLearn (Blackboard)
- iConnect

3. Click on Student space. *This screen may or may not appear. If it does select 'middle'.

the learning Place Welcome Lesley FULLER (laful1) ▾

WELCOME

Please select a phase of student site:

- Early
- Middle
- Senior

Students are automatically re-directed to their appropriate phase site.

The different sites provide students with access to Learning Pathways, edTube albums and edStudios created by teachers. Once students have been granted permissions to edTube albums and edStudios they can contribute content including images, videos and audio. You can manage your students' access via My Learning Space on the Staff Learning Place site.

Students can add their own personal touches by creating an avatar, applying different themes and changing the 'look and feel' of their site.

Learning Place access issues resolved with Chrome v81

Students using un-managed devices (e.g. non-MOE, BYOX and personal) that have been experiencing issues accessing some sections of Learning Place using Google Chrome (version 80) now have a resolution with the release of Google Chrome (version 81). Check your browser settings to ensure your version of Chrome has been updated to v81.
